COURSES AT A GLANCE

The DKFZ offers three courses in the field of particle therapy. The courses are organized under the auspices of the Heidelberg Institute of Radiation Oncology (HIRO) in close cooperation with the Heidelberg Ion-Beam Therapy Center (HIT) as well as the University Hospital Heidelberg.

Course type 1: *Specialized Course Particle Therapy* (24 Teaching Units (TUs))

The *Specialized Course Particle Therapy* (1) is designed for physicians and medical physics experts and can be counted towards the “Fachkunde Partikeltherapie” as set forth according to point 3, appendix 1 of the letter of the Federal Ministry for Environment, Nature Conservation and Nuclear Safety as of June 18th 2015, (file number (Aktenzeichen (Az)):. RS II, 4 – 15174) as well as the requirements of the “Richtlinie Strahlenschutz in der Medizin“ (24 TUs).

Course type 2: *Teaching Course Particle Therapy, including Specialized Course* (38 TUs)

The *Teaching Course Particle Therapy, including Specialized Course* (2) combines all 24 TUs of the Specialized Course with 14 additional teaching units in order to provide a deeper understanding of particle therapy and its clinical applications.

Course type 3: *Online Teaching Course Particle Therapy* (35 TUs)

The *Online Teaching Course Particle Therapy* (3) is the short version of course type 2 and is offered fully online to national and international colleagues. Course type 3 is not relevant for the “Fachkunde Partikeltherapie” because some lectures about German regulations are not included.

DATES 2020

Online phase of all course types:	19.10. - 22.11.2020
Live Online Lecture for all course types:	05.11.2020, 6 - 7pm (Prof. Jäkel)
Attendance phase course types 1 & 2:	27.11. - 28.11.2020
Live Online Sessions for course types 2 & 3:	23.11. - 25.11.2020, 6 - 7.30pm each evening
Live Online Sessions course type 3:	27.11. - 28.11.2020

PROGRAMS

The detailed programs are available online at www.dkfz.de/particle_course_en.

VENUE

German Cancer Research Center
Communication Center, seminar room K1/K2 (first floor)
Im Neuenheimer Feld 280, 69120 Heidelberg, Germany
