Short Courses in International Health
May 11 – 15, 2020

APPLYING THE RIGHTS BASED APPROACH IN ACHIEVING HEALTH RELATED SDGs

APPLYING THE RIGHTS BASED APPROACH
IN ACHIEVING HEALTH RELATED SDGs

Content Overview
This course covers the theoretical framework and general concepts and principles of human rights, their relationship to and impact within the health sector.

It looks at the rights based approach in achieving the promise of the 2030 Agenda for Sustainable Development to "leave no one behind" with particular emphasis on health related SDGs.

The course will use country case studies about integration of a human rights based approach into health policies, strategies, programming, implementation as well as monitoring and evaluation, with relation to indicators of health related SDGs.

Policy briefs for advocating application of human rights principles in the health sector will be addressed and the roles of state and non-state actors in terms of rights- holders and duty-bearers examined.

Main Topics
– SDGs
– Human Rights
– Health Policy and Practise

Target Group
Public health professionals, project planners and managers, medical and paramedical staff, social scientists, tropEd students.

Prerequisites
This course is held in English. Excellent command/ high level of proficiency in reading, writing and speaking English is required.

Learning Objectives
By the end of this course participants will be able to:
– Critically appraise the importance of the rights based approach in achieving the promise of the 2030 Agenda for Sustainable Development to "leave no one behind", focusing on health related SDGs.
– Debate key international, national and regional mechanisms designed to protect and promote human rights within the health sector.
– Design strategies to advocate for and monitor the application of human rights principles in the health sector to achieve health related SDGs.

Teaching and Assessment
The course aims to initiate an active participatory learning process. It uses a combination of lectures, case studies, films and discussions in plenary

Course participants are expected to attend teaching sessions full-time and participate actively in discussions and group assignments.

Assessment is based on an individual written assignment (approx. 1000 words); The writing task will be introduced during the first day of the course and will be submitted one week after course end the latest. The participant can choose between two options:
– Policy brief for audiences such as decision-makers in the ministry of health, members of health committees in parliament, etc.
– An essay arguing the advantages and disadvantages of a health policy or a public health law.

SHORT COURSES
IN INTERNATIONAL HEALTH / tropEd

The short courses programme offered by the Heidelberg Institute of Global Health at Heidelberg University provides opportunities for continuing education and professional development. Short courses are open to the Institute's postgraduate students, students from other tropEd member institutions, and health professionals wanting to specialise or expand their knowledge in a particular subject area in international health. The Heidelberg Institute of Global Health offers one- and two-week intensive courses, requiring full-time attendance from Mondays to Fridays, 9am - 5pm. Short courses offered at the Heidelberg Institute of Global Health are tropEd accredited.

tropEd is an international network of institutions for higher education in international health. It collaborates closely with institutions in Africa, Asia and Latin America. tropEd provides postgraduate opportunities for education and training contributing to sustainable development.
