

# New perspectives for cellular immunotherapy in hematological malignancies

A scientific symposium celebrating the 20-year anniversary  
of the Section Stem Cell Transplantation  
at the University Hospital Heidelberg

**June 19 & 20, 2026**

**Lecture Hall, Medical Clinic, Im Neuenheimer Feld 410, 69120 Heidelberg**

## Program Day 1

**Friday, June 19, 2026**

11:00-11:30	Wellcome get-together with fingerfood	
11:30-12:30	<b>Opening (60 min)</b>	
11:30	Welcome	
	Dean of the Faculty of Medicine of the University of Heidelberg	Michael Boutros
	Director Clinic Internal Medicine V	Carsten-Müller-Tidow
11:50	20 years Section SCT: What have we achieved and what are the next steps?	
	Introduction	Anthony D. Ho
	Presentation	Peter Dreger
12:30-14:00	<b>Cellular therapy lymphoma: Cutting edge old meets new (90 min)</b>	
12:30	T-cell lymphoma	Norbert Schmitz
	Large B-cell lymphoma	Sascha Dietrich
	Mantle cell lymphoma	Olivier Hermine
	CLL/T-PLL	Olivier Tournilhac
14:00-14:30	Coffee break 1	
14:30-16:30	<b>Complications of allogeneic hematopoietic cell transplantation: New strategies (120 min)</b>	
14:30	EASIX for prediction of endothelial complications and beyond	Thomas Luft

14:50	Understanding GVHD pathomechanisms for defining new therapeutic standards	Robert Zeiser
	Debate: will ptCY replace ATG for GVHD prophylaxis? No Yes	Jürgen Finke Andrea Bacigalupo
15:40	HLA-DP disparity in alloHCT: friend or foe?	Fred Falkenburg
16:00	Cellular therapy for EBV-PTLD and beyond	Kiavash Farid
16:15	Innovative approaches to post-transplant CMV management	Anita Schmitt
16:30-17:00	Coffee break 2	
17:00-19:00	<b>Keynote Session (120min)</b>	
<b>Keynote 1</b> (40min)	<b>50 years of EBMT: what have we gained and what can we offer today?</b>	<b>Anna Sureda</b>
Impuls 1 (15min)	INTEGRATE-ATMP: Blaupause für integrierte Patientenversorgung ( <i>in German</i> )	Maria-Luisa Schubert
Impuls 2 (15min)	Patientennetzwerke am Beispiel der CLL-Family	Harald Krug
<b>Keynote 2</b> (40min)	<b>Moderne Krebstherapie: Was darf ein Lebensjahr kosten?</b>	<b>Giovanno Maio</b>

# New perspectives for cellular immunotherapy in hematological malignancies

A scientific symposium celebrating the 20-year anniversary  
of the Section Stem Cell Transplantation  
at the University Hospital Heidelberg

**June 19 & 20, 2026**

**Lecture Hall, Medical Clinic, Im Neuenheimer Feld 410, 69120 Heidelberg**

## Program Day 2

**Saturday, June 20, 2026**

9:00-11:00	<b>Allogeneic hematopoietic cell transplantation/ cellular immunotherapy in today's treatment landscapes of hematological malignancies</b> (120 min)	
	ALL	Matthias Stelljes
	The role of MRD in guiding treatment decisions in acute leukemia	Monika Brüggemann
	AML	Caroline Pabst
	MDS	Guido Kobbe
	MPN	Nicolaus Kröger
11:00-11:30	Coffee break	
11:30-14:00	<b>Immune effector cells and cell-based gene therapies: New horizons</b> (150 min)	
11:30-12:10	Academic CARTs for clinical practice The EMA perspective The manufacturer's perspective	Julio Delgado Michael Schmitt
12:10-12:30	National Gene and Cell Therapy registry Germany – how can it cover the needs of an expanding gene and cell therapy landscape?	Andreas Ziegler
12:30-13:00	Genome editing for allogeneic cellular therapy	Waseem Qasim
13:00-13:20	Where HCT meets gene therapy: Stem cell gene editing for optimizing HCT	Tim Sauer
13:20-13:40	Hemoglobinopathies: HCT or gene therapy?	Andreas Kulozik
13:40-14:00	Closing remarks and thanks	Peter Dreger
14:00	Farewell pick-up lunch	

## Faculty

Prof. Dr. Andrea Bacigalupo, Rom (IT)

Prof. Dr. Michael Boutros, Heidelberg

Prof. Dr. Monika Brüggemann, Kiel

Prof. Dr. Julio Delgado, Barcelona (SP)

Prof. Dr. Sascha Dietrich, Düsseldorf

Prof. Dr. Peter Dreger, Heidelberg

Prof. Dr. Fred Falkenburg, Leiden (NL)

Dr. Kiavash Farid, Heidelberg

Prof. Dr. Jürgen Finke, Freiburg

Prof. Dr. Olivier Hermine, Paris (FR)

Prof. Dr. Anthony Ho, Heidelberg

Prof. Dr. Guido Kobbe, Düsseldorf

Prof. Dr. Nicolaus Kröger, Hamburg

Harald Krug, Oberthulba

Prof. Dr. Andreas Kulozik, Heidelberg

Prof. Dr. Dr. Thomas Luft, Heidelberg

Prof. Dr. Giovanni Maio, Freiburg

Prof. Dr. Carsten Müller-Tidow, Heidelberg

PD Dr. Caroline Pabst, Heidelberg

Prof. Dr. Waseem Qasim, London (UK)

Prof. Dr. Tim Sauer, Heidelberg

Prof. Dr. Anita Schmitt, Heidelberg

Prof. Dr. Michael Schmitt, Heidelberg

Prof. Dr. Norbert Schmitz, Münster

PD Dr. Maria-Luisa Schubert, Heidelberg

Prof. Dr. Anna Sureda, Barcelona (SP)

Prof. Dr. Matthias Stelljes, Münster

Prof. Dr. Olivier Tournilhac, Clermont-Ferrant (FR)

Prof. Dr. Robert Zeiser, Freiburg

Dr. Andreas Ziegler, Heidelberg

## 8 I, 8 N

### Chairpersons

Prof. Dr. Ute Hegenbart, Heidelberg

Prof. Dr. Johann Greil, Heidelberg

Prof. Dr. Uwe Martens, Heilbronn

Prof. Kai Neben, Baden-Baden

Prof. Dr. Stefan Schönland, Heidelberg

Prof. Dr. Meinolf Suttorp, Dresden

# New perspectives for cellular immunotherapy in hematological malignancies

A scientific symposium celebrating the 20-year anniversary  
of the Section Stem Cell Transplantation  
at the University Hospital Heidelberg

**June 19 & 20, 2026**

**Lecture Hall, Medical Clinic, Im Neuenheimer Feld 410, 69120 Heidelberg**

Dear Colleagues and Friends,

It is now more than 40 years since the first autologous blood stem cell transplantation was performed in Heidelberg. Being one of the first PBSCTs world-wide, this pioneer achievement was the cornerstone for the dynamically evolving Heidelberg hematopoietic stem cell transplantation excellence and laid the ground for founding the *Section of Stem Cell Transplantation* in 2005. Within the framework of the Section, the Heidelberg alloHSCT activity rapidly flourished and became one of the leading programs nationwide with more than 100 transplants annually. The Section was also the anchor for establishing CAR T-cell therapy on the campus, enabling pioneer contributions to the clinical development of both academic and commercial CAR T-cells in Germany.

To celebrate the 20th anniversary of the Section, we would like to welcome you to our scientific symposium highlighting recent advances and state-of-the-art in hematopoietic stem cell transplantation and cellular immune and gene therapy.

We are proud and grateful that we can present you a unique faculty of national and international experts in these exciting scientific fields and are looking forward to two days of exciting science.

Peter Dreger | Thomas Luft | Michael Schmitt | Carsten Müller-Tidow
