3rd Heidelberg Summer School Musculoskeletal Cross **Sectional Imaging 2014** July 25th – July 26th, 2014

Welcome Address

Dear Colleagues and Friends.

The third International Heidelberg Summer School on Musculoskeletal Cross Sectional Imaging in Heidelberg/Germany will advance the international exchange of knowledge, ideas and experience by bringing together physicians and professional staff from all over the world. The Summer School is a yearly event and thus provides a continuous basis for academic exchange of medical, physical and technical know-how and advanced learning opportunities. All is necessary to fulfill the emerging clinical need for improved imaging diagnostics in the extensive field of musculoskeletal diseases. Additionally, we learn about the application of innovative products provided by the industrial partners.

The Summer School will take place at the Department of Orthopaedics, Trauma Surgery and Spinal Cord Injury Center. "Life is movement" is the motto of the Heidelberg Orthopaedic Hospital, which is the largest facility of its kind in Germany. However, this motto can also serve our Summer School reflecting the continuously changing imaging algorithms and technical innovations in radiology.

I am pleased to welcome you in Heidelberg also on behalf of the University of Heidelberg. The symposium will take place in the context of the 628th anniversary of the "Ruperto Carola University of Heidelberg", which is the oldest university in Germany and one of the oldest in Europe. For more than 600 years, our university has been a center of international scientific and academic endeavours. In addition to our welcoming party, we hope you will take advantage of our offer to participate in the guided tour of the renowned Castle of Heidelberg and the Old Town that we have organized for you.

I am especially grateful to Siemens for their partnership and very generous financial support of our Summer School.

I hope for an interesting and inspiring meeting covering, both, refreshing and the latest advances in modern musculoskeletal imaging, as well as, an enjoyable stay in Heidelberg, Ruins of a castle full of secrets, a picturesque old quarter, the lovely Neckar Valley – this fascinating triad stands for Heidelberg, Germany's most romantic city with more than three million visitors every year enjoying the various places of interest and the pleasant atmosphere. I am sure you will also enjoy your participation!

Marc-André Weber, MD MSc Professor of Radiology

Programme (All lectures are in English)

Day 1 (July 25th)

- o8:00 Registration
- 09:00 Short Introduction (Weber-MA, Heidelberg)
- 09:05 Welcome address (Ewerbeck-V. Heidelberg)

Session 1 – Bone tumours (chair: Lehner-B, Heidelberg)

- 09:15 Benign and malignant bone tumours (Weber-MA, Heidelberg)
- 09:45 Bone marrow malignancies (Baur-Melnyk-A. Munich)
- 10:15 Percutaneous radiological bone tumour management (Ganai-A. Strasboura)
- 10:45 Coffee break

Session 2 – Joints (chair: Zeifang-F, Heidelberg)

- 11:00 MRI of the shoulder joint (Shahabpour-M, Brussels)
- MRI of the foot and ankle (Kloth-IK, Heidelberg)
- 12:00 MRI in osteoarthritis and rheumatoid arthritis of the hand and wrist (Schueller-Weidekamm-C, Vienna)
- 12:30 Lunch break and buffet

Session 3 – Imaging of the muscular system

- (chair: Nöldge-G, Heidelberg)
- 14:00 MR imaging of muscle injuries in athletes (Rehnitz-C, Heidelberg)
- 14:30 MRI in muscle tumors and tumors of fasciae and tendon sheaths (Adriaensen-vanRoij-M, Heerlen)
- 15:00 Functional imaging of the skeletal muscle including non-proton MRI (Nagel-AM, Heidelberg)
- 15:30 Imaging the skeletal muscle when to use MRI and when to use ultrasound (Martinoli-C. Genoa)

16:00 Coffee break

Session 4 – Spine (chair: Wiedenhöfer-B, Heidelberg)

- 16:15 MRI of spinal injury (Hähnel-S, Heidelberg)
- 16:45 US-guided versus CT-guided interventions at the spine (Loizides-A, Innsbruck)
- 17:15 MRI of the sacroiliac joints and spine in spondyloarthritis (Libicher-M, Schwäbisch-Hall)
- 17:45 Interventional radiologic percutaneous treatment of the spine (Muto-M. Naples)
- 18:15 End of lectures at day 1 Get together and buffet for all participants
- 19:30 Bus transfer to the Castle
- 20:00 Guided tour of the Castle of Heidelberg

Day 2 (July 26th)

9:00 Short Introduction and Welcome address (Kauczor-HU, Heidelbera)

Session 5 - Modern imaging of the peripheral nerves and of muscle denervation (chair: Kauczor-HU, Heidelbera)

- 09:15 What a MSK radiologist should know about MR neurography (Carrino-JA, Baltimore)
- 09:45 Imaging of peripheral nerve tumours (Beggs-I, Edinburgh)
- 10:15 MR neurography: muscle denervation and nerve lesion localization (Pham-M, Heidelberg)
- 11:15 Coffee break

Session 6 - New (functional) MRI methods for MSK applications (chair: Plathow-C, Baden-Baden)

- 11:30 Diffusion-weighted whole-body MR screening value for the MSK radiologist (Vilanova-K, Girona)
- 12:00 Update on MR cartilage imaging (Glaser-C, Munich)
- 12:30 Emerging MRI techniques for imaging the bone marrow and its diseases (Verstraete-K. Ghent)
- 13:00 MR imaging near metal implants (Nittka-M, Erlangen)
- 13:30 Lunch break and buffet

Session 7 – Sports imaging (chair: Streich-N, Heidelberg)

- 14:20 MR appearances of the locked knee (Grainger-A, Leeds)
- 14:50 MRI of the elbow with focus on sports injuries (Ho-CP, Vail)
- 15:20 Injuries of the hand and wrist focussing on wrist instabilities (Theumann-N. Lausanne)
- 15:50 Closing remarks (Weber-MA, Heidelberg) *End of lecture program*
- Coffee break Get together
- 16:30 Guided tour of the Old Town including the Market Square (Marktplatz), with the Church of the Holy Spirit (Heiliggeistkirche) and the nearby Old Bridge (Sprengel-SD & Winterstein-M) – Bus transfer will be provided
- 16:30 Alternative program: Visit of the 7-Tesla MRI unit at the German Cancer Research Center (dkfz; Marschar-A) – Bus transfer will be provided

During all coffee and lunch breaks two posters with 6 MSK quiz cases will be on display (Sprengel-SD, Rehm-I).

Venue

The Summer School will take place at the Department of Orthopaedics, Trauma Surgery and Spinal Cord Injury Center, University Hospital Heidelberg.

Address

Schlierbacher Landstraße 200a D-69118 Heidelberg/Germany

Registration and further information

Internet: www.heidelbergsummerschool.de or Mrs. Marianne Krebs Secretary of the Section Musculoskeletal Radiology University Hospital Heidelberg Schlierbacher Landstraße 200a, D-69118 Heidelberg/Germany Phone: +49 6221 56-26602 E-mail: Marianne.Krebs@med.uni-heidelberg.de

Registration fee (after June 1st, 2014): 220 € Early registration (until June 1st, 2014): 140 € For further details, please visit our www.heidelbergsummerschool.de homepage

Course Director

Marc-André Weber, MD MSc Professor of Radiology, Section Head Musculoskeletal Radiology, University Hospital Heidelberg

In cooperation with the Academy for Continuing Medical Education in Radiology of the German Radiological Society

CME Accreditation

The Summer School will be accredited by the "Landesärztekammer Baden-Württemberg" with 16 CME credits (category A). which are recognised by all German Medical Chambers and the German Radiological Society.

Also, the symposium is accredited for 1 category 3 credit point for the ESSR diploma by the European Society of Musculoskeletal Radiology.

A symposium related confirmation will be available during the meeting at the registration desk.

Acknowledgement

This event is sponsored by Siemens.
