Prof. Dr. Svenja Taubner,
Dr./MGPPU/ Anna Sergiienko.
Psychologin.

Among the main requests with which the specialist works can be identified:

- Acute emotional states (anxiety, aggression, panic attacks, grief).
- The consequences of the trauma experienced (flashbacks, nightmares, apathy, fears, obsessive thoughts, psychosomatics, etc.).
- Depressive symptoms (children and adults).
- Emotional burnout.
- Problems of adaptation in a new country.
- Communication problems in children and adults, including child-parent relationships.

The appointment is carried out with a referral from a family doctor or pediatrician – in the upper right corner of the referral, it should be indicated:

«Institut für Psychosoziale Prävention».

You can make an appointment by phone 06221 - 564772 if you can't get through - write a request by E-mail.

The costs are covered by health insurance companies.
